11.45-12.15pm COFFEE BREAK	
THEME SESSION [Sallis Benney Theatre] The socio-cultural, cognitive and neurological bases of metaphor	
12.15-12.45pm	Luciane Corrêa Ferreira & Ray Gibbs Inferring conceptual metaphor entailments during verbal metaphor understanding
12.45-1.15pm	Daniel Casasanto Body-specific abstract concepts: mental metaphors without linguistic metaphors
GENERAL SESSION [North Gallery] Linguistic Relativity	
12.15-12.45pm	Debi Roberson, Hyensou Pak & J. Richard Hanley Relatively speaking: Is there Categorical Perception of colour?
12.45-1.15pm	Caitlin Fausey & Lera Boroditsky Speaking of accidents: Saying "He did it" invites more punishment than "It happened"
GENERAL SESSION [Room 250] Communication	
12.15-12.45pm	Katsuya Takanashi, Mika Enomoto, Yasuharu Den & Yasuhiro Katagiri Non-reactivity in reactive tokens
12.45-1.15pm	Arash Eshgi & Patrick Healey Clarification at a distance
GENERAL SESSION [CETL Room] Bilingualism	
12.15-12.45pm	Alexandra Dunn & Jean E. Fox Tree More or less bilingual
12.45-1.15pm	Sarah Tashkandy & Gabriella Rundblad How does word order and age of acquisition affect sentence comprehension in English-Arabic bilinguals?
GENERAL SESSION [Board Room] Semantics	
12.15-12.45pm	John Lipinski, John Spencer & Larissa Samuelson From here to there: using shared reference frames and spatial metrics to integrate linguistic and non-linguistic spatial cognition
12.45-1.15pm	Silvia Cacchiani Understanding 'peripheral' intensifiers: a cognitive linguistic approach to phonaestemes and creative nonce compounds
GENERAL SESSION [Room 350] Language acquisition	
12.15-12.45pm	Jessica Horst How the word learning context influences toddler fast mapping
12.45-1.15pm	Rosie van Veen Social and cognitive factors influencing the acquisition of connectives: a growth curve analysis of parental input
GENERAL SESSION [South Gallery] Grammar	
12.15-12.45pm	Hidemitsu Takahashi Preferred argument structure in English imperatives
12.45-1.15pm	
1.15-2.45pm LUNCH BREAK	

**Monday 4th August
Afternoon Sessions**

THEME SESSION [Sallis Benney Theatre] The socio-cultural, cognitive and neurological bases of metaphor	
2.45-3.15pm	Alan Wallington Generic as Specific Metaphors
3.15-3.45pm	Martin Hilpert The cognitive motivation behind mixed metaphors - Evidence from usage data
3.45-4.15pm	Joerg Zinken Metaphor in therapeutic processes
GENERAL SESSION [North Gallery] Grammar	
2.45-3.15pm	Arne Zeschel and Anatol Stefanowitsch Reanalyzing generative argumentation: the case of 'silent nouns'
3.15-3.45pm	Monica-Alexandrina Irimia Trying to grasp indirect evidentiality
3.45-4.15pm	Kaius Sinnemäki Iconicity and economy in motivating word order of zero-marking languages
GENERAL SESSION [Room 250] Linguistic relativity	
2.45-3.15pm	Gale Stam How patterns of Thinking for Speaking change: a case study
3.15-3.45pm	Benedetta Bassetti Counterfactual reasoning in Chinese-English bilinguals
3.45-4.15pm	Yasmine Jraissati, Nicolas Claidière & Coralie Chevallier Is basicness a graded notion? Addressing color lexicon evolution
GENERAL SESSION [CETL Room] Philosophy of language	
2.45-3.15pm	Douglas Dean Midwifery: paradoxical communication within contemporary and ancient psychotherapy
GENERAL SESSION [Board Room] Narrative	
2.45-3.15pm	Rowena Coles Making worlds out of words: how language frames children's stories
3.15-3.45pm	Sarah van Vliet, Joost Schilperoord, Huub van den Bergh, Leo Noordman & Alfons Maes The probability of proper nouns: Modelling referential choice in written Dutch narratives
3.45-4.15pm	June Luchjenbroers & Michelle Aldridge A cognitive linguistic consideration of a forensic linguistics issue: Children, as vulnerable witnesses, need guidance
GENERAL SESSION [Room 350] Conceptualisation	
2.45-3.15pm	David Paxman The transformation of categories in Brecht's <i>The Caucasian Chalk Circle</i>
3.15-3.45pm	Margarida Basilio Lexical Blends: productivity and creativity in lexical constructions
3.45-4.15pm	Craig Hamilton Simultaneity and Conceptual Integration
GENERAL SESSION [South Gallery] Communication	
2.45-3.15pm	Marcus Colman & Patrick Healey Quantifying repair phenomena
3.15-3.45pm	Lydia Sánchez A realist perspective on communication
3.45-4.15pm	Camelia Dascalu Indexicals, communication and cognition: the case of autism
4.15-4.45pm	COFFEE BREAK

Monday 4th August Evening Sessions

THEME SESSION [Sallis Benney Theatre] The socio-cultural, cognitive and neurological bases of metaphor	
4.45-5.15pm	Shane Lindsay Explaining why MORE IS UP: Shared lexico-semantic and E36neurocognitive systems for the processing of spatial and non-spatial magnitude
5.15-6.15pm	George Lakoff & Vyv Evans Theme session discussion
GENERAL SESSION [Room 250] Semantics	
4.45-5.15pm	Anetta Kopecka, Melissa Bowerman, Marianne Gullberg, Asifa Majid & Bhuvana Narasimhan The semantic categorization of 'putting' and 'taking' events: A cross-linguistic perspective
5.15-5.45pm	Juliana Goschler & Anatol Stefanowitsch Frequency and centrality in lexical categories
5.45-6.15pm	Antonio José Silvestre-López Mediating perception and linguistic categorisation: protoconcepts and semantic networks
GENERAL SESSION [CETL Room] Language acquisition	
4.45-5.15pm	Richard Moore Affective engagement and learning to do things with words
5.15-5.45pm	Ulrike Hahn & Merce Prat-Sala A mismatch between comprehension and production in language acquisition: Evidence from Catalan
5.45-6.15pm	Dorothe Salomo, Eileen Graf, Elena Lieven & Michael Tomasello Perceptual availability is more important than shared context in question-answering in three- and four-year-old children
GENERAL SESSION [Board Room] Discourse	
4.45-5.15pm	Christian Burgers, Margot van Mulken & Peter Jan Schellens On ironic praise and ironic blame in written discourse
5.15-5.45pm	Shaojun Ji The iconicity assumption and the functional distribution of temporal adverbial clauses: a textual perspective
5.45-6.15pm	E-D. Kitis & Eliza Kitis Street slogans: An attempt at interpreting a marginalized discourse and culture
GENERAL SESSION [Room 350] Phonology	
4.45-5.15pm	Meghan Sumner The use of episodic information in new cue learning
5.15-5.45pm	Marie Nilseova Two types of listeners
GENERAL SESSION [South Gallery] Constructions	
4.45-5.15pm	Guillaume Desagulier Constructions, mental representations, and identities: the case of pseudo-directive constructions
5.15-5.45pm	Marshall Lewis <i>I had me a wife in Tennessee</i> : the "Autoflexive" Benefactive Construction in vernacular English
5.45-6.15pm	Katrien Verveckken From lexical persistence to collocational patterning of Spanish size nouns
6.15-8pm	WINE RECEPTION

6.15-8pm	POSTER SESSION [North Gallery]
Carey Benom	'Unspecification' and polysemy
Paolo Bernardis, Elena Saillas & Nicoletta Caramelli	Electrophysiological evidence of cross-modal priming between the meaning systems of gesture and language
Michele Burigo, Sara Martelli, Renato Borgatti, Alessandro Tavano & Maria Luisa Lorusso	The origin of abstract concepts: Comparing children with Down Syndrome and Williams Syndrome
Mareike Buss & Joerg Jost	What you see is what you get: the use of multimodal metaphors in financial advertising
Teresa Chan & Jessica Horst	The Shape of Children's Early Noun Vocabulary
Marcus Colman & Patrick Healey	Quantifying Repair Phenomena
Camelia Dascalu	Indexicals, communication and cognition: the case of autism
Miriam de Boer, Roel M. Willems, Matthijs L. Noordzij, Jan Peter A. de Ruiter, P. Hagoort & Ivan Toni	Distinguishing cerebral correlates of communicative and linguistic abilities
Alexandra Dunn & Jean E. Fox Tree	More or less bilingual
Helen Earis	Point of view in narrative discourse: A comparison of British Sign Language and spoken English
Martin Edwardes	Us and them: group identity as a driver for the origin of language
Vito Evola	Personhood, religion and cognitive linguistics
Ksenya Filatova	Metaphor, evolution and adaptation: top-bottom and bottom-up
Marion Fossard, Karine Duvignau, Mai Tran, Mélanie Manchon, Bruno Gaume & Juliette Elie	Semantic forms and functions of action reformulation with young children and adults and with Alzheimer and aphasic patients
Franco, Zotovic, Daniel, Goktas, Major & Sillanpaa	Implicit causality in verbs and folk psychological beliefs in different domains: a cross-cultural comparison of 3-7 year old children.
Casilda García de la Maza	The expansion of a construction through use
Andrew Gargett	Fragments and constructions: a procedural account
Adam Grabowski & Philip Broemer	On linguistic forms shaping cognitive representations of attitude objects and affecting ambivalence and extremity of interpersonal attitudes
Mian Huang	Proximity: A cognitive approach to Chinese irony
Anna Jordanous & Collins	Models of creativity in language and music
Kawahara Shigeto & Shinohara Kazuko	The role of articulatory gestures in the cognition of voiced obstruents
Kawahara Shigeto, Shinohara Kazuko & Yoshida Nobuhiro	The psycholinguistic prominence of initial syllables in Japanese imperfect puns: Corpus and experimental evidence
Grazyna Kilianska-Przybylo	The effect of awareness-raising tasks on teacher cognition. A longitudinal study
Bjørghild Kjelsvik	Language in use – Speech genres as schematic symbolic structures in classroom and everyday discourse in an African village.
Gordon Leech & Carl Vogel	Linguistic versus visual adaptability

Milena Levunlieva Semantics and morphology of liquid time
M.L. Lorusso, R. Galli, M. Peverelli & M. Molteni The acquisition of sequence of tense and Theory of Mind
Natsuko Nakagawa, Jae-Ho Lee and Yoshihiko Asao Difference between literal and metaphorical usage of verb forms in Japanese
Isabella Poggi The choir conductor: Words and sentences in hands, face and body
Silvana Poltrock, Barbara Höhle & Uli Sauerland Implicit measuring of children's comprehension of sentences containing a complement taking mental verb - evidence from eye-tracking
Celia Renata Rosemberg, Lic. María Luisa Silva & Lic. Alejandra Stein Children's use of causal connectors in interactively produced narratives. A study in poor urban communities of Argentina
Nora Rüsçh Categorizing placement events in German as second language
Susan Ryland The art of resisting metaphors: a metonymic approach to the study of creativity and cognition
Paul Sambre & Geert Brône Modal updating of futurity in vector models
Santarpia, Blanchet, Lambert, Mininni & Kwiatkowski The influence of "weight words" on the micro-gesture of the arms
Thaís Cristófaró Silva, Leonardo Almeida & Raquel Fontes Martins Phonology and Language Use: challenges and perspectives
Maria Soledad Manrique & Ana María Borzone The use of connectives in narrative discourse produced within teacher-children interaction at kindergarten: a comparative study
Jane Stout and Nilanjana Dasgupta Gender-exclusive language as a form of social exclusion
Vera Szamarasz Thinking about time at a train station: the influence of spatial experience on the interpretation of ambiguous temporal sentences in Hungarian
M.S.C. Thomas, D. Mareshal, M.A. Van Duuren, H.R.M. Purser & A. Karmiloff-Smith Understanding non-literal similarity: its emergence in typical development and Williams syndrome
Maria Timofeeva Cognitive role of contradiction in text understanding
Danijela Trenkic & Nattama Pongpairoj The saliency of a referent and second language article use
Ene Vainik Metacommunicative hand-expressions and their semantic extensions in Estonian
Riitta Valimaa-Blum Do speakers know negative phonotactic constraints in usage-based grammars?
Liisa Vilkki Mirativity in crosslinguistic perspective
Kirsten Vis Conversationalization and subjectivity in text and talk
Jasmina Vuksanovic & Mile Vukovic Developmental relationship between language and joint attention behavior during first language acquisition in typically developing children
Chongying Wang and Ann Dowker Understanding animal metaphors: evidence from Chinese and English

Tuesday 5th August Morning Sessions

PLENARY LECTURE [Sallis Benney Theatre]	
9-10.30am	Lera Boroditsky How the languages we speak shape the ways we think
10.30-11am COFFEE BREAK	
THEME SESSION [Sallis Benney Theatre] Linguistic relativity: evidence and methods	
11-11.30am	Daniel Casasanto Testing Whorf without words
11.30-12pm	Caitlin Fausey & Lera Boroditsky Oops! Describing and remembering accidental agents in English, Spanish and Japanese
12-12.30pm	Lisa Irmen How formal and conceptual cues of language lead to representations of gender
THEME SESSION [South Gallery] Constructional approaches to grammar and first language acquisition	
11-11.30am	Minna Kirjavainen, Anna Theakston, Elena Lieven & Michael Tomasello <i>I want hold Postman Pat</i> ; An input-driven explanation for children's infinitival-to omission errors
11.30-12pm	Teodora Gliga & Gergely Csibra One-year-old infants appreciate the referential nature of deictic gestures and words
12-12.30pm	Elma Nap-Kolhoff The development of Dutch object naming constructions in bilingual Turkish-Dutch children receiving low amounts of Dutch language input
GENERAL SESSION [North Gallery] Semantics	
11-11.30am	Jurgis Skilters Semantic prominence and semantic segmenting: on the relations between cognitive semantics and Gestalt theory
11.30-12pm	Carey Benom 'Unspecification' and polysemy
12-12.30pm	Vyv Evans Semantic representation in LCCM theory
GENERAL SESSION [Room 250] Gesture	
11-11.30am	Giorgio Merola Mental imagery and gesture
11.30-12pm	Mark Tutton How speakers reference spatial axes in speech and gesture: observations from English and French oral discourse
12-12.30pm	Amy Franklin Interpersonal and knowledge coordination: collaborating to deceive
GENERAL SESSION [CETL Room] Metaphor	
11-11.30am	Poppy Siahaan The embodied model of MIND. Does it apply to German and Indonesian?
11.30-12pm	Nuria del Campo Martínez & Francisco José Ruiz de Mendoza Ibáñez High-level metaphor and metonymy in syntactic alternations
12-12.30pm	Ulrike Schröder Preferential metaphorical conceptualizations in everyday discourse about LOVE in the Brazilian and German speech communities
GENERAL SESSION [Board Room] Grammar	
11-11.30am	István Fekete & Csaba Pléh Bidirectional and unidirectional comitative verbs in Hungarian
11.30-12pm	Svetlana Gorokhova The processing of inflectional morphology: Evidence from Russian speech-error data
12-12.30pm	Elke Diedrichsen „Subject“-choice in language use: The grammaticalization of the German bekommen-passive and its relation to case splits across languages

GENERAL SESSION [Room 350] Communication	
11-11.30am	Clifton Adams & Sam Cox The Language Link between Proofs and Cognitions: Aristotle through Toulmin to Fishbein and Ajzen
11.30-12pm	Dirk Janssen Expertise and word complexity in novel names
12-12.30pm	Mian Huang Proximity: A cognitive approach to Chinese irony
12.30-2pm	LUNCH BREAK

**Tuesday 5th August
Afternoon Sessions**

THEME SESSION [Sallis Benney Theatre] Linguistic relativity: evidence and methods	
2.2-30pm	Eve Danziger Theories of Mind: representation, reflection and relativity across cultures
2.30-3pm	Ayhan Aksu-Koc & Hale Ogel Evidentiality marking and its relation to cognition
3-3.30pm	Henriette Hendriks, Maya Hickmann, A.-Claude Demagny & A.-Katharina Ochsensbauer Caused motion in first and second language acquisition: evidence for typological constraints in French and English
THEME SESSION [South Gallery] Constructional approaches to grammar and first language acquisition	
2.2-30pm	Heike Behrens Learning the form and the function of German verb-second constructions
2.30-3pm	Kerstin Fischer Relations between constructions: an analysis of child-directed speech
3-3.30pm	Thea Cameron-Faulkner & Tina Hickey The role of function in children's early multiword constructions: a cross-linguistic analysis
GENERAL SESSION [North Gallery] Language evolution	
2.2-30pm	Mikhail Kissine The origin of assertoric commitment
2.30-3pm	David Kydd Does a 'backing into the future' spatiotemporal schema facilitate the cultural evolution of large scale societies?
3-3.30pm	Terrence Twomey Domestic fire and the evolution of language
GENERAL SESSION [Room 250] Psychology of language	
2.2-30pm	Yael Benn, Ying Zheng, Michael Siegal, Iain Wilkinson & Rosemary Varley Is exact calculation a language-dependent function? Behavioural and fMRI evidence
2.30-3pm	Jane Oakhill, Alan Garnham, Stephen Hamilton & Emily Kennard An investigation of gender stereotyping using ERP measures
3-3.30pm	Miriam de Boer, Roel M. Willems, Matthijs L. Noordzij, Jan Peter A. de Ruiter, P. Hagoort, & Ivan Toni Distinguishing cerebral correlates of communicative and linguistic abilities
GENERAL SESSION [CETL Room] Corpus research	
2.2-30pm	Stefan Fuhs The aspectual character of the English durative adverbial construction – A corpus-based investigation
2.30-3pm	Marie Nordlund From physical to mental acquisition: a corpus-based verb study
3-3.30pm	Julia Wrede On the relation of cognition and culture in lexical semantics – a corpus linguistic investigation

GENERAL SESSION [Board Room] Communication	
2.2-3.0pm	Mika Enomoto & Yasuharu Den On the non-next speaker's orientation to a turn's completion in Japanese 3-party conversations
2.30-3pm	Andreea Callude & Steven Miller Clefts are contagious in conversation
3-3.30pm	Eric Chevalley & Adrian Bangerter Suspending and reinstating collaborative tasks with dialogue
GENERAL SESSION [Room 350] Semantics	
2.2-3.0pm	Fuhui Hsieh The use of empty roots in some Austronesian languages: convergence of language, communication and cognition
2.30-3pm	Dietmar Zaefferer Reducing antonymous polysemy to metonymically modified monosemy
3-3.30pm	Yusuke Minami A grammar of "success" and "failure": their linguistic manifestations
3.30-4pm	COFFEE BREAK

**Tuesday 5th August
Evening Sessions**

THEME SESSION [Sallis Benney Theatre] Linguistic relativity: evidence and methods	
4-5pm	Lera Boroditsky & Dan I. Slobin Theme session discussion
THEME SESSION [South Gallery] Constructional approaches to grammar and first language acquisition	
4-5pm	Adele Goldberg & Eve Clark Theme session discussion
GENERAL SESSION [North Gallery] Language evolution	
4-4.30pm	Radu Bogdan The social ontogeny of predication
4.30-5pm	Thomas Scott-Phillips, Simon Kirby & Graham Ritchie An experimental study into the communication of communicative intent
GENERAL SESSION [Room 250] Metaphor	
4-4.30pm	Karine Duvignau & Bruno Gaume Between words & world: verbal "metaphor" as semantic or pragmatic approximation?
4.30-5pm	Jean Stephenson On the crest of the wave – En la cresta de la ola: A consideration of UP and DOWN metaphors, and similarities and differences between them in English and Spanish
GENERAL SESSION [CETL Room] Foreign language learning	
4-4.30pm	Cláudia Estima Sardo The enhancement of cognition in foreign language learning classrooms with students of the third age
4.30-5pm	Christoph Haase Second language learner theories on productivity: Morphological causatives in English and German
GENERAL SESSION [Board Room] Linguistic ethnography	
4-4.30pm	Colombine Gardair & Patrick Healey 'Liveness', interaction and street performance
4.30-5pm	Harald Hammarström Small Numeral Systems and the Hunter-Gatherer Connection

GENERAL SESSION [Room 350] Semantics	
4-4.30pm	Dermot Lynott & Louise Connell How Prosody Affects Conceptual Combination
4.30-5pm	Andrea Tyler & Vitaly Nickolaev ZA prefixation and aspect

5-5.15pm	BREAK
----------	--------------

PLENARY LECTURE [Sallis Benney Theatre]	
5.15-6.45pm	Adele Goldberg <i>The fox is afraid</i> : evidence for items and generalizations

Wednesday 6th August Morning Sessions

PLENARY LECTURE [Sallis Benney Theatre]	
9-10.30am	Michael Tomasello The role of prototype constructions in early language development

10.30-11am	COFFEE BREAK
------------	---------------------

THEME SESSION [Sallis Benney Theatre] The social and cognitive bases of language evolution	
11-11.30am	Anna Kinsella Towards an evolutionarily plausible theory of language
11.30-12pm	Andrew D. M. Smith and Mónica Tamariz Exploring the systematicity and learnability of language through artificial language learning
12-12.30pm	Jill Bowie The evolution of linguistic discourse

THEME SESSION [South Gallery] Modality issues in language and cognition: evidence from deaf people's communication	
11-11.30am	Gabriella Vigliocco, Robin Thompson, David Vinson & Robert Skinner Language and cognition: Insights from the study of sign language iconicity
11.30-12pm	Wolfgang Mann, Chloe Marshall, Kathryn Mason, and Gary Morgan Investigating Deaf children's development of sign language phonology using a nonsense sign repetition test
12-12.30pm	Ruth Campbell, Tara Mohammed, Cheryl Capek, Fiona Kyle, Bencie Woll & Mairead MacSweeney Speechreading: a window into modality issues in language and deafness

GENERAL SESSION [North Gallery] Metaphor	
11-11.30am	José Fdo García Castillo On the universality of self metaphors
11.30-12pm	Fred McVittie Up close and personal: proximity and objectivity in metaphors of knowledge
12-12.30pm	Lettie Dorst Metaphor identification and the issue of personification

GENERAL SESSION [Room 250] Constructions	
11-11.30am	Anatol Stefanowitsch Levels of schematicity in grammatical constructions: corpus-based evidence and theoretical implications
11.30-12pm	Peter Willemse The distinction between determining and classifying genitives in English indefinite possessive NPs: the role of 'bridging contexts'
12-12.30pm	Andrew Gargett Fragments and constructions: a procedural account

GENERAL SESSION [CETL Room]	
Gesture	
11-11.30am	Lisette Mol, Alfons Maes, Emiel Krahmer & Marc Swerts Look who's being talked to
11.30-12pm	Angélique Bergeron Gardner Language, culture, and gesture in a Louisiana Creole community
12-12.30pm	Judith Holler & Katie Wilkin The influence of common ground on the representation of meaning in gesture and speech
GENERAL SESSION [Board Room]	
Psychology of language	
11-11.30am	Kerstin Fischer The interdependencies between cognitive models and social processes in human-robot interaction
11.30-12pm	Carol Lord Prosodic evidence for construction of clause structures by child and adult readers
12-12.30pm	Mary Lavelle, Rosemary McCabe & Patrick Healey Reciprocity in social interaction: A clinical case study
GENERAL SESSION [Room 350]	
Communication	
11-11.30am	Patrick Healey & Gregory Mills A dialogue experimentation toolkit
11.30-12pm	Susana Olmos From denial and constraint on the implicit content to the explicit marking of propositional attitudes: a RT account of pero.
12-12.30pm	Benny Lee Reference, common ground and information structure in a map task
12.30-2pm	LUNCH BREAK

Wednesday 6th August Afternoon Sessions

THEME SESSION [Sallis Benney Theatre]	
The social and cognitive bases of language evolution	
2.2-30pm	Andy Lock A post-Darwinian account of symbol system construction
2.30-3pm	Peter Harder The Platonic projection and the social turn in cognitive linguistics – or: How do concepts escape from the mind into the sociocultural environment?
3-3.30pm	Hugo Mercier Pointing in apes: cognitive or strategic limitations?
THEME SESSION [South Gallery]	
Modality issues in language and cognition: evidence from deaf people's communication	
2.2-30pm	Joanna R. Atkinson & Bencie Woll The perceptual characteristics of voice-hallucinations in Deaf people: insights into the nature of subvocal thought and sensory feedback loops
2.30-3pm	Cheryl M. Capek, Mairead MacSweeney, Bencie Woll, Karine Gazarian, Michael J. Brammer, Philip K. McGuire, Anthony S. David, & Ruth Campbell Cortical bases for point-light processing of signs: differentiation of signer and sign
3-3.30pm	Mairéad MacSweeney, Helen Neville, Dafydd Waters, Bencie Woll, Michael Brammer, David Corina, Heather Knapp & Usha Goswami Phonological processing of sign language
GENERAL SESSION [North Gallery]	
Psychology of language	
2.2-30pm	A. Janyan, A. Rydning, C. Lachaud & M. Willa Eye movements reveal mental simulation of speed in text processing
2.30-3pm	Andriy Myachykov & Simon Garrod Perception, conceptualization, and syntax in sentence production
3-3.30pm	Luis J. Fuentes & Carmen Bretones Color activation through idioms: Evidence from the stroop task

GENERAL SESSION [Room 250]	
Gesture	
2.2-30pm	Stuart Battersby & Patrick Healey Inhabiting 3D interaction spaces
2.30-3pm	Anna Kuhlen, Alexia Galati & Susan Brennan Speakers' adjustments to a distracted audience: How speakers' expectations and addressees' feedback shape narrating and gesturing
3-3.30pm	Nicola Yuill Children's use of gesture to disambiguate meanings in joking riddles
GENERAL SESSION [CETL Room]	
Phonology	
2.2-30pm	
2.30-3pm	Marie Nilsonova The effect of pitch on the interpretation of promises
3-3.30pm	Janaisa Martins Viscardi Prosody and interaction: analyzing aphasic data
GENERAL SESSION [Board Room]	
Semantics	
2.2-30pm	Alexandra Stavinschi Conceptualisation of space in Romance: a cross-linguistic study
2.30-3pm	Kenny Coventry, Berenice Valdés, Alejandro Castillo & Pedro Guijarro-Fuentes Language within your reach. near-far perceptual space and spatial demonstratives
3-3.30pm	Dermot Lynott & Kenny Coventry Space in music and language: evidence for common spatial representations
GENERAL SESSION [Room 350]	
Constructions	
2.2-30pm	Tiago Timponi Torrent and Lílian Vieira Ferrari Modal Constructions in Brazilian Portuguese - Historical evidence in favor of surface generalizations
2.30-3pm	Alvin Cheng-Hsien Chen Co-varying collexeme and constructional meaning: mandarin possessive construction
3.30-4pm	COFFEE BREAK

Wednesday 6th August Evening Sessions

THEME SESSION [Sallis Benney Theatre]	
The social and cognitive bases of language evolution	
4-4.30pm	Stefan Hoefler On the common origins of symbols and grammar
4.30-5.30pm	Chris Sinha & Michael Tomasello Theme session discussion
THEME SESSION [South Gallery]	
Modality issues in language and cognition: evidence from deaf people's communication	
4-4.30pm	Adam Schembri & Kearsy Cormier Missing the point?: On the language and gesture 'interface' in signed languages
4.30-5.30pm	Terry Janzen & Marty Sereno Theme session discussion
GENERAL SESSION [North Gallery]	
Conceptualisation	
4-4.30pm	Michael Fortescue Similitude as a cognitive category
4.30-5pm	Esther Pascual Thinking as Speaking: fictive interaction in thought representation and legal argumentation
5-5.30pm	Elisabetta Lalumera & Marco Mazzone Concepts: stored or created

GENERAL SESSION [Room 250]	
Discourse	
4-4.30pm	Evgenia Vassilaki & Despina Anagnostou A Cognitive Linguistics approach of directive speech acts in a health care context: Dying patients' expectations
4.30-5pm	Nik Nailah Binti Abdullah & Shinichi Honiden Characterizing different communication characteristics arising in different phases of videoconferencing meetings
5-5.30pm	Mareike Buss & Jörg Jost What you see is what you get: the use of multimodal metaphors in financial advertising
GENERAL SESSION [CETL Room]	
Grammar	
4-4.30pm	
4.30-5pm	Yuko Mizuno A quantitative analysis of <i>although</i> clauses in naturally occurring discourse
5-5.30pm	Daisuke Yokomori & Natsuko Nakagawa Form and function of independent kedo-clauses in Japanese: With special reference to intonation and conversational sequence
GENERAL SESSION [Board Room]	
Semantics	
4-4.30pm	Dylan Glynn Significant Syntax. A usage-based study in constructional semantics
5-5.30pm	Hajime Nozawa & Kow Kuroda Frame-based description of semantics and interaction in dialogue: an attempt with the multi-layered interactional frame analysis
GENERAL SESSION [Room 350]	
Gesture	
4-4.30pm	Jana Bresse Clusters of image schematic patterns in coverbal gestures
4.30-5pm	Silva Ladewig & Sedinha Teßendorf Interactive metonymy - co-constructing meaning and reference in gesture
5-5.30pm	Mats André Usage-based models of language acquisition across modalities: gesture and speech in small children

**Thursday 7th August
Morning Sessions**

PLENARY LECTURE [Sallis Benney Theatre]	
9-10.30am	Sotaro Kita Gesture, language, and thought
10.30-11am	COFFEE BREAK
THEME SESSION [Sallis Benney Theatre]	
Cognitive & social processes in language use	
11-11.30am	Andreas Langlotz Linguistic humor at work – A socio-cognitive model of creative social positioning
11.30-12pm	Ted Sanders & Wilbert Spooren Causal categories in discourse: Converging evidence from spoken and written language use
12-12.30pm	Sarah Haywood, Holly Branigan & Martin Pickering Audience design for message form: Do speakers choose word orders that help their listeners?

THEME SESSION [South Gallery]	
The role of gesture in communication & cognition	
11-11.30am	Fey Parrill Using the hands to read the mind: Co-speech gesture as evidence for the embodied nature of human cognition
11.30-12pm	Daniel Casasanto Conceptual affiliates of metaphorical gestures
12-12.30pm	Cornelia Müller & Susanne Tag Dynamics of metaphoricity in spoken discourse
GENERAL SESSION [North Gallery]	
Time
